## Certified Naturally Grown MUSHROOM SUMMARY INSPECTION REPORT

Inspector: PORMAN FETTER Inspector: BRIAN WESTER  Affiliation (e.g., farm name) MI COPOLITAN MUSTROM CO.  The inspector is:   mushroom producer - CNG   mushroom producer - Cert Organic   soil-based farmer - CNG or Cert Organic (as approved by CNG in advance)  Date of the inspection:   9   7   / 9   How long did the inspection last?:   Z   HOURS    Based on my observations and interview with the producer(s), I feel confident in making the following declarations about the operation:  The producer relies on preventative measures for pest control, and does not use chemical pesticides.  The producer is careful to make sure that no genetically modified or chemically treated substrates are used.  The water used in this operation has been tested and meets   Agree   Disagree   BV   (Your initials)  The operation is surrounded by an adequate buffer to protect from drift contamination from other sources nearby.  The producer is careful to ensure containers used for production never contained toxic materials.  The producer strives to enhance the environmental benefits and minimize any potential negative impacts of mushroom production.  I feel confident in recommending that the above listed producer(s) and their operation  be included not be included
Date of the inspection: 9/1/19 How long did the inspection last?: Z Hours  Based on my observations and interview with the producer(s), I feel confident in making the following declarations about the operation:  The producer relies on preventative measures for pest control, and does not use chemical pesticides.  The producer is careful to make sure that no genetically modified or chemically treated substrates are used.  The water used in this operation has been tested and meets CNG standards for mushroom production.  The operation is surrounded by an adequate buffer to protect from drift contamination from other sources nearby.  The producer is careful to ensure containers used for production never contained toxic materials.  The producer strives to enhance the environmental benefits and minimize any potential negative impacts of mushroom production.  I feel confident in recommending that the above listed producer(s) and their operation
