The farmer demonstrates a commitment to the protection of the air, soils, waters, and biodiversity of the surrounding land.

I saw no evidence that prohibited insecticides, herbicides, fungicides, or chemical fertilizers were in use on the farm.

The land under consideration looks to be surrounded by an adequate buffer to protect from chemical spray drift contamination.

The farmer is careful to make sure that no genetically modified or chemically treated seeds are used on this acreage.

I feel confident in recommending that the above listed producer(s) and their farm...
